Grand Knight's Message

Brother Knights,

September 11, 2015. I woke up this morning thinking about time travel. I attribute this to an interesting (and a bit quirky) young man that I work with who sent me an email yesterday that had this quote after his signature --

"I am a time traveler. I travel at 1 second per second". This caused me to pause for a few moments and I let that sink in. And in a bit replied back to him - "hey I'm a time traveler too, but I'm faster, I travel at an hour per hour."

So here we are always driving through time in the present moment at a constant speed of a second per second. In our rear view mirror we see Labor Day now receding, and all the memories of the holiday and time spent with friends and family. And we can almost feel our Earth tipping on her axis - fall approaching and summer fading with the precision of a spinning precessing gyro.

And 14 years further back we see the events of 9/11/01 and remember where we were and the emotions we had on that fateful day. We remember and honor the victims and the heroes that emerged. We pray to our Lord for peace and healing among all people and all nations.

But while we can reflect on the past, we live in the now and look forward to all the events in our futures - celebrations like weddings and graduations and golf tournaments and picnics and heck yeah -- hot pancakes!

And through all the passing of time and events coming and going we feel the constancy of the presence of Christ and can feel the love and grace of this in our beings and can truly feel at peace.

God bless us all.

Grand Knight, Dan
